# SUBJECT INDEX, 1979

## A

AAAP disease report summary 241
*Absidia corymbifera* in a pigeon 757
Acanthocephalan parasitism in *Sialia mexicana* 768
acute respiratory disease
  in poults, etiologic agent isolated 194
  in turkeys, transmission 132
  in turkeys, Yucaipa virus relation to 539
adapting chickens to handling 708
adenovirus-127, hemagglutinating virus related to 507
agglutinins, antigens for detection compared 434
*Aix sponsa*, carrier of duck plague virus 940
*Amazona autumnalis*, cryptosporidia in cloacal coprodeum of 654
ampicillin
  probenecid effects on blood levels and tissue distribution 927
  vs. *Pasteurella multocida* 409
*Anas* spp., carriers of duck plague virus 940
anemia, agent inducing in chicks 366
antibiotics
  inducing immunosuppression in turkey 401
  vs. turkey egg transmission of *Mycoplasma meleagridis* 88
  to Marek's disease cell line, test for 229
antigens for detecting agglutinins to *Mycoplasma gallisepticum* 434
author guidelines 278, 1075
avian cholera (*see* fowl cholera)
avian immune response
  a brief review 290
  environmental factors in 308
  immunoprophylaxis 327
  lymphoproliferative neoplasms in 315
  role of genetics 299
avian immune system, a review 282
avian immunology, six review papers 281
avian influenza virus, influence of stress on infection 346

avian leukosis
detecting virus 698
eradication methods evaluated 688
avian nephritis virus
pathogenicity 582
changes induced in chicks 589
avian reovirus, suppression of Marek's disease by 118
avian tumor virus research in USA 1
avoparcin vs. necrotic enteritis 1072
awards
Research Paper, 1978 775
Upjohn Achievement, 1979 776

## B

bacitracin vs. *Pasteurella multocida* 409
black vomit, pelleted feed effects on 1051
bluebird, *Plagiorhynchus (Prosthorhynchus) formosus* in 768
*Branta canadensis* as carrier of duck plague virus 940

## C

calcium toxicosis in broiler chicks 1055
*Candida albicans* in cockatiel nestlings 757
chicken anemia agent, isolation and characteristics 366
*Chlamydia psittaci*, experimental transmission to turkey from wild birds 915
chloramphenicol vs. *Pasteurella multocida* 409
2-chloro-4-acetotoluidine toxicity in quail 794
chlortetracycline inducing immunosuppression in turkey 401
clindamycin vs. *Pasteurella multocida* 409
coccidiosis, interaction with infectious bursal disease 999
cockatiel, *Candida albicans* in nestlings 757
cockatoo, lead poisoning in 760
coronavirus-like agent from parrots, characterization 515
cryptosporidia in cloacal coprodeum of *Amazona autumnalis* 654

## D

disease reports (regions combined) 241
duck hepatitis virus, isolation, propagation, and characterization 715
duck plague, a carrier state in waterfowl 940
ducklings, immunizing against *Pasteurella anatipestifer* 662

## E

eared grebe, *Streptococcus zooepidemicus* in 543
*Eimeria adenoides* in turkey, damage to cecal mucosa 812
*Eimeria meleagrimitis* in turkey, effects on weight, blood, and organs 854
endogenous virus, high levels related to low incidence of lymphoid tumors 646
endotoxin toxicity to chicks 174
erythromycin vs. *Pasteurella multocida* 409
*Escherichia coli*
clearance rates in turkey after aerosol exposure 386
Linco-Spectin vs. 164
Rofenaid-40 vs. 682

## F

feather follicles, nuclear-inclusion formation in epithelium, correlation with Marek's disease 547
fowl cholera
cross-protection induced by *Pasteurella multocida* 730
1978 epornitic on Chesapeake Bay 966
in turkey, *Pasteurella multocida* vaccine vs. 57
vaccine from *Pasteurella multocida* 863, 870, 878
fowlpox, atypical, in Kenya 745
fungi, species isolated from hatcheries 204

## G

gentamicin
inducing immunosuppression in turkey 401
vs. *Pasteurella multocida* 409
vs. turkey egg transmission of *Mycoplasma meleagridis* 88
gizzard erosion, pellet feed effects on 1051
guidelines for authors 278, 1075

## H

haemophili, pathogenic, studies on 1006
hemagglutinating adenovirus related to adenovirus-127 507
hemolytic complement in specific-pathogen-free chickens 225

hemorrhagic enteritis
experimental infection in chickens 616
of turkeys, virus indistinguishable from 479
herpesvirus of turkey, pathogenicity of Marek's disease to chickens vaccinated with 821
herpesviruses in psittacine birds 148, 753
History of avian medicine in USA; part 5, avian tumor virus research 1

## I

immune response
environmental factors in 308
immunoprophylaxis 327
in turkeys, to influenza-A viruses 335
lymphoproliferative neoplasms in 315
role of genetics in 299
immune responses, avian, a brief review 290
immune system, avian, a review 282
immunology, avian, six review papers 281
immunopotentiation in turkeys, levamisole-induced 401
immunoprophylaxis 327
immunosuppression in turkeys, antibiotic-induced 401
inclusion body hepatitis in broilers in Iraq 763
infectious bronchitis virus, growth kinetics in eggs 127
infectious bursal disease virus
antibody response in chicken 95
cell-culture-adapted virus vs. 456
chicken responses 107
growth in embryo cell culture 209
immune-complex in pathogenesis 219
immunosuppression by 950
interaction with coccidiosis 999
interferon production in cell culture 485
interferon responses 534, 634
outbreak in chickens 235
vaccine effects on antibody levels 466
vaccines vs. 1037
infectious laryngotracheitis in Lebanon 1060
influenza virus, detection of persistence 354
influenza-A virus, cellular immune response to in turkey 335
insecticide poisoning in peafowl 760
instructions for authors 278, 1075
interferon
production in cell culture infected with infectious bursal disease virus 485
response to infectious bursal disease virus 534, 634
intestinal microflora vs. salmonella 392, 904, 1019

## L

lead poisoning in a cockatoo 760
levamisole inducing immunopotentiation in turkey 401
lincomycin vs. *Escherichia coli* and *Salmonella aureus* 164
Linco-Spectin vs. *Mycoplasma meleagridis* 670
lymphoid leukosis tumors, differentiation from Marek's disease tumors 417, 426
lymphoid tumors, low incidence related to high levels of endogenous virus 646
lymphoma, transplantable, vaccination for Marek's disease vs. 47
lymphoproliferative neoplasms, immunosuppressive effects 315

## M

marble spleen disease of pheasant
vaccination vs. 30
virus indistinguishable from 479
Marek's disease
cell line, test for antibodies to 229
correlation with nuclear-inclusion formation in feather-follicle epithelium 547
lymphoma-derived cell lines, dissimilarity 357
pathogenicity for chickens vaccinated with herpesvirus of turkey 821
suppression by avian reovirus 118
tumor-associated surface antigen 831
tumors, differentiation from lymphoid leukosis tumors 417, 426
vaccination effects on transplantable lymphoma 47
vaccine titer loss during administration 848
microflora, intestinal, vs. salmonella 392, 904, 1019
mucormycosis in a pigeon 757
*Mycoplasma gallisepticum*
serologic response of chickens to 493
agglutinins 434
*Mycoplasma meleagridis*
antibiotics vs. egg transmission 88
Linco-Spectin vs. 670

## N

nalidixic acid vs. *Pasteurella multocida* 409
necrotic enteritis, avoparcin vs. 1072
neomycin vs. *Pasteurella multocida* 409
Newcastle disease
  Australian strains, properties, 555, 564
  experimental infections in wild birds 70
  lentogenic, growth and mortality in eggs 983
  oil-emulsion vaccine vs. 597
  three substrains with different hemagglutination patterns 979
  transmissibility of Australian strains 555
  vaccination vs., response to method of 622
nitrofurantoin vs. *Pasteurella multocida* 409
North Central Conference disease reports (in new combined form) 241
Northeastern Conference disease reports (in new combined form) 241
novobiocin vs. *Pasteurella multocida* 409

## O

orbiviruses in psittacine birds 148
ormetoprim vs. *Pasteurella multocida* 409

## P

Pacheco's disease herpesvirus in five species of psittacine birds 753
parakeet, uric acid level in, determination 772
paramyxoviruses in psittacine birds 148
parrot
  coronavirus-like agent isolated from, characterization 515
  red-lored, cryptosporidia in cloacal coprodeum of 654
*Pasteurella anatipestifer*, immunizing White Pekin ducklings 662
*Pasteurella multocida*
  antibacterials vs. 409
  antibodies, test for 1066
  inducing cross-protection against fowl cholera 730
  modulation of cross-protection factors 989
  serotyping isolants from poultry 608
  vaccine vs. fowl cholera 57, 863, 870, 878
peafowl
  insecticide poisoning of 760
  muting vocal intensity of 1031
pelleted feed, effects on gizzard erosion and black vomit 1051
penicillin vs. *Pasteurella multocida* 409
pheasant, marble spleen disease in
  vaccination vs. 30
  virus indistinguishable from 479
*Phomopsis*, toxin effects in chicks 80
picornavirus
  "avian nephritis virus" pathogenicity 582
  "avian nephritis virus" changes induced in chicks 589
  isolated from broiler chicks, characterization 571
pigeon
  *Absidia corymbifera* in 757
  viral encephalomyelitis, pathology and virus isolation 777
  viral encephalomyelitis, identification and characterization 785
*Plagiorhynchus* (*Prosthorhynchus*) *formosus* in *Sialia mexicana* 768
*Podiceps nigricollis*, *Streptococcus zooepidemicus* in 543
probenecid, effects on ampicillin blood levels and tissue distribution 927
psittacine birds
  Pacheco's disease herpesvirus in 753
  paramyxo-, herpes-, and orbiviruses in 148
psittacine viruses, isolation and growth in chicken embryos 139

## Q

quail, 2-chloro-4-acetotoluidine toxicity in 794

## R

regional disease reports (combined) 241
reoviruses, characterization 896
Research Paper Award, 1978 775
review papers, six papers on avian immunology 281
rhinotracheitis (see acute respiratory disease)
ring-necked pheasant, marble spleen disease in, vaccination vs. 30
Rofenaid-40 vs. *Escherichia coli* 682
rous sarcoma virus, bursal and thymic lesions from 529

## S

*Salmonella*
  detecting in chickens 179
  intestinal microflora vs. 904, 1019

litter isolation as indicator of infection and carcass contamination 838
several detection methods evaluated 179
*Salmonella infantis*, intestinal microflora vs. 392
*Salmonella typhimurium*
factors affecting infection and shedding 442
var. *copenhagen*, intestinal microflora vs. 392
sarcoma virus, detecting 698
sheep red blood cells, effects on chicken antibody response 526
*Sialia mexicana*, *Plagiorhynchus* (*Prosthorhynchus*) *formosus* in 768
Southern Conference disease reports (in new combined form) 241
specific-pathogen-free chickens, hemolytic complement in 225
spectinomycin
vs. *Escherichia coli* 164
vs. *Staphylococcus aureus* 164
*Staphylococcus aureus*
Linco-Spectin vs. 164
phage typing of 795 strains 39
streptomycin vs. *Pasteurella multocida* 409
*Streptococcus zooepidemicus* in *Podiceps nigricollis* 543
stress, effects on avian influenza virus infection 346
sulfadimethoxine vs. *Pasteurella multocida* 409
sulfadimethoxine/ormetoprim vs. *Pasteurella multocida* 409

## T

T-cells, localization in tissue sections 886
tetracycline vs. *Pasteurella multocida* 409
transplantable lymphoma, vaccination for Marek's disease vs. 47
turkeys, wild, antibodies to disease in Texas 62
tylosin
inducing immunosuppression in turkey 401
vs. turkey egg transmission of *Mycoplasma meleagridis* 88

## U

Upjohn Achievement Award, 1979 776
uric acid in plasma, determination 772

## V

viral encephalomyelitis of pigeon
identification and characterization 785
pathology and virus isolation 777

## W

Western bluebird, *Plagiorhynchus* (*Prosthorhynchus*) *formosus* in 768
Western North American Conference disease reports (in new combined form) 241

## Y

Yucaipa virus, relation to acute respiratory syndrome in turkey 539
Yucaipa-like viruses in wild birds of West Africa 742
